Guidelines on Electrical Permits

To: Electricians

FROM: Limited Licensed Electrician Section

The law requires anyone performing electrical work, where the total cost is **LESS THAN \$25,000**, to be licensed as a Limited Licensed Electrician (LLE), unless they work in a municipality or county which has their own license issuing agency and performs their own inspections. The LLE license replaced the former electrical registration card and those licensed after September, 2000 are licensed as individuals. An LLE cannot use the appellation or advertise as an electrical "contractor".

Those performing work in **EXCESS OF \$25,000** must be licensed as an electrical **CONTRACTOR** with a "CE" or "E" classification and a monetary limit designated to cover each project. Electrical contractors are exempt from the LLE, but must apply for local license permits and pay fees.

The LLE license fee is \$50.00 and will expire biennially (two years) on the last day of the month of issuance. After expiration of three (3) months, must reinstate by submitting late fees and request to waive exam. The Board may also assess civil penalties. You may refer to the state statute, T.C.A. 62-6-111(2), 62-6-130, 131, and 132.

- **Issuing agents may accept the Limited Licensed Electrician (LLE) license to permit projects less than \$25,000. However, you must continue to comply with local codes licensing requirements. As always, the LLE license is not accepted with all municipalities having their own exam, inspector and license issuing agents.**
- **Issuing agents may issue permits to contractors, with an electrical classification on their contractor's license, such as: CE; E; CE-B; or E-B. These licenses are also assigned a monetary limit on each license.**
- **LLE's which have expired for more than three (3) months may be required to take the LLE examination to reinstate. For those expired less than three months, pay \$10.00 monthly late fee. All new applicants must take the LLE exam with PSI, Inc.**

Newly licensed LLE's will be required to take an examination as part of the application process. AN LLE is not considered a contractor. Should you have an address change, please notify us in writing by fax, mail or email at: Linda.Ford@state.tn.us. (Make changes prior to renewing to prevent the license certificate from being sent to the old address, as state mail is not forwarded).

Should you have any questions, please feel free to contact Linda Ford at our office at (615) 253-2144 or 1-800-568-0649 or fax to (615) 532-2868. You may also conduct license searches at our website to check the status of your license at: <http://licsrch.state.tn.us/>.

We look forward to working with you!

REQUIRED IDENTIFICATION AT EXAMINATION SITE

You must provide 2 forms of identification. One must be a VALID form of government-issued identification (driver's license, state ID, passport), which bears your signature and has your photograph or a complete physical description. The second ID must have your signature and preprinted legal name. All identification provided must match the name on the Examination Registration Form.

If you cannot provide the required identification, you must call (800) 733-9267 at least 3 weeks prior to your scheduled appointment to arrange a way to meet this security requirement. *Failure to provide all of the required identification at the time of the examination without notifying PSI is considered a missed appointment, and you will not be able to take the examination.*

SECURITY PROCEDURES

The following security procedures will apply during the examination:

- Cell phones, pagers, and children are not allowed in the examination site.
- Only non-programmable calculators that are silent, battery operated, do not have paper tape printing capabilities, and do not have a keyboard containing the alphabet will be allowed in the examination site.
- No smoking, eating, or drinking will be allowed in the examination site.
- Copying or communicating examination content is a violation of PSI security policy and Tennessee State Law. Either one may result in the disqualification of examination results and may lead to legal action.

TAKING THE EXAMINATION BY COMPUTER

Taking the PSI examination by computer is simple. You do not need any computer experience or typing skills. You will use fewer keys than you use on a touch-tone telephone. All response keys are colored and have prominent characters. An illustration of the special keyboard is shown here. You may also use the mouse.

IDENTIFICATION SCREEN

You will be directed to a semi-/private testing station to take the examination. When you are seated at the testing station, you will be prompted to confirm your name, identification number, and the examination for which you are registered.

TUTORIAL

Before you start your examination, an introductory tutorial to the computer and keyboard is provided on the computer screen. The time you spend on this tutorial, up to 15 minutes, DOES NOT count as part of your examination time. Sample questions are included following the tutorial so that you may practice using the keys, answering questions, and reviewing your answers.

One question appears on the screen at a time. During the examination, minutes remaining will be displayed at the top of the screen and updated as you record your answers.

EXAMINATION QUESTION EXAMPLE

During the examination, you should press 1, 2, 3, or 4 to select your answer or press "MARK" to mark it for later review. Or you may simply click on the box to the left of your answer with the mouse. You should then press "ENTER" to record your answer (or click on Next with the mouse) and move on to the next question. A sample question display follows:

IMPORTANT: After you have entered your responses, you will later be able to return to any question(s) and change your response, provided the examination time has not run out or you have ended your examination.

EXAMINATION REVIEW

Failing candidates will have the option of reviewing their examination in a secure environment and challenging any questions or answers that they feel should be eliminated, or changed. The review is one hour in length.

The fee for reviewing your examination is \$20. You may register for the examination review via IVR, telephone, Internet, mail, or fax. If you would like to register by mail or fax, please fill out the Registration Form found on the last page of this bulletin. You may pay with Money Order, Cashier's Check, VISA, or MasterCard. Personal and company checks are **not** accepted.

During the review, candidates will be presented with the questions the candidate incorrectly answered during the examination. Additionally, the candidate will be given the correct answer to the question. The purpose of the review is to allow the candidate to self-research the question to determine why the answer they selected was incorrect. If the candidate feels that there is an error in the question, the candidate may comment about the question during the review by writing down comments on the Review sheet.

All comments made are for the future benefit of candidates. PSI will review all comments and, if necessary, make immediate key changes (or item deletions). However, PSI will not, under any circumstances, retroactively change a grade of any prior candidate. There will not be any notification sent to you from PSI with regard to your review.

You may not be permitted to take any notes out of the review sessions. Please call (800) 733-9267 with any questions. The examination review fee is \$20 and it is one hour in length. **You must schedule the examination review within 30 days from the date you originally took the examination.**

SCORE REPORTING

Your score will be given to you immediately following completion of the examination. The following summary describes the score reporting process:

- **On screen** – your score will appear immediately on the computer screen. This will happen automatically at the end of the time allowed for the examination; if you are using review features, you will be able to obtain your score immediately when you indicate that you have finished and would like to see your results.
 - If you **pass**, you will immediately receive a successful notification and performance summary on the screen.

- If you **do not pass**, you will immediately receive an unsuccessful notification on the screen along with a diagnostic report indicating your strengths and weaknesses by examination portion. Registration forms for submittal to PSI to retake the examination will be available at the examination site.
- **On paper** – an official score report will be printed at the examination site.

DUPLICATE SCORE REPORTS

You can write to PSI to request a duplicate of your score report for up to 1 year after your examination. The fee for a duplicate score report is \$10. *Money Order or cashier's check ONLY.*

TIPS FOR PREPARING FOR YOUR LICENSE EXAMINATION

The following suggestions will help you prepare for your examination.

- Planned preparation increases your likelihood of passing.
- Start with a current copy of this Candidate Information Bulletin and use the examination content outline as the basis of your study.
- Read study materials that cover all the topics in the content outline.
- Take notes on what you study. Putting information in writing helps you commit it to memory and it is also an excellent business practice. Underline or highlight key ideas that will help with a later review.
- Discuss new terms or concepts as frequently as you can with colleagues. This will test your understanding and reinforce ideas.
- Your studies will be most effective if you study frequently, for periods of about 45 to 60 minutes. Concentration tends to wander when you study for longer periods of time.

DESCRIPTION OF EXAMINATIONS

If a test question answer could differ because of conflicting information in test reference sources, a legal requirement such as a code, law, or regulation overrides any other reference. If two legal requirements appear to conflict, the state-specific code, law, or regulation overrides the national one. Information from sources on the test reference list override information from other sources or persons.

Candidates are responsible for bringing their own references to the examination center. Reference materials may be highlighted, underlined, and/or indexed prior to the examination session. However, references may not be written in. Any candidate caught writing in the references during the examination will be reported to the Board. Furthermore, candidates are not permitted to bring in any additional papers (loose or attached) with their approved references. Scratch paper will be provided for calculations. Candidates will NOT be permitted to remove from the examination room ANY material that has been written on. (This would include books).

*Before you begin. . .
Read the Candidate Information Bulletin before filling out this registration form. You must provide all information requested and submit the appropriate fee. PLEASE TYPE OR PRINT LEGIBLY. Registration forms that are incomplete, illegible, or not accompanied by the proper fee will be returned unprocessed. Registration fees are not refundable or transferable.*
